CAMPBELL CACHES

HOW TO PLAY

1

Download the Geocaching App onto a smartphone or GPS device and create an account. Search for caches by location.

2

Find and log each cache in any order. Be sure to write down the "secret code" inside (you can use this handy passport or your own system)

3

Now that you have all 20 secret codes from the trail, head to the Parks & Recreation office to become a Certified Campbell Caches GeoTrail Expert.
