TIMBERLAKE

IDA WELCOMES NEW TENANT IN ITS INDUSTRIAL BUILDING AT SENECA COMMERCE PARK

In June, the IDA welcomed its new tenant Ceramic Tubular Products LLC (CTP) to its building in Seneca Commerce Park. CTP is a privately-owned engineering and manufacturing company founded in Lynchburg in 2006. CTP has earned several notable federal contracts to provide components and assemblies for use in high temperature, high pressure, highly corrosive applications. Applications for this technology will be of particular use to increase the efficiency and safety of solar and nuclear energy production.

ECONOMIC DEVELOPMENT TEAM OUT AND ABOUT

ST. JUDE DREAM HOME IN TRENTS LANDING HOLDS FLOOR SIGNING EVENT

On Monday, May 10th, Economic Development joined the contractor and sub-contractors for the annual floor signing event for the St. Jude Dream Home in Trent's Landing in Campbell County. Each year, the builders give those involved in the project an opportunity to leave a message for the future owners of the home to express their appreciation for the St. Jude Dream Home project and to leave a message of hope and positivity for the family who wins. These messages will be covered with the final flooring in the living room of the home. In the future, when the flooring is replaced, the homeowners will be able to see and reflect on these messages and be reminded of all the hard work and spirit of service that went into the project on behalf of the St. Jude Children's Research Hospital.

(Top) Representatives from Francis Oil and Propane; Ferguson Bath, Kitchen and Lighting Gallery; and Brown's Heating and Air smile alongside Karen Wydner of Economic Development.

(Middle) A lineup of framed stories outline the impact of the St Jude Dream Home program. (Bottom Left) Karen Wydner says hello to Economic Development Committee member Scott Blankenship. (Bottom Right) A big thank you for supporting St Jude from Campbell County Economic Development!

FORESTLAND SUCCESSION PLANNING WORKSHOPS OFFERED THIS FALL

Virginia's Generation NEXT program – a collaboration between Virginia Cooperative Extension and the Virginia Department of Forestry – is an outreach program specifically designed to help family forestland owners make informed and intentional decisions regarding passing their land forward to the next generation. Generation NEXT workshops provide landowners with necessary tools and resources as they begin planning for intergeneration land transfers.

Workshops will be held in Charlottesville, Chatham, and Richmond. There is a fee to attend.
